It's a date

Wednesday, 14 November 2007 will be a big day for Eurostar and the UK. It's the day we launch services from St Pancras International in central London and the day Eurostar starts running on High Speed 1, the UK's first high-speed line.

This will mean that journey times to the Continent will be reduced by at least 20 minutes, resulting in even more punctual, even faster, more seamless journeys.

We will be moving from Waterloo International overnight on 13 November 2007 to cause minimum disruption to our travellers.

A London landmark

Europe's first destination station will have a world-class brasserie, arcade shopping and a daily farmer's market selling the very best, fresh British produce. And to add a little sparkle to your day you will be able to visit Europe's longest champagne bar, which overlooks the hustle and bustle of the platforms. All under the glass roof of the magnificent Barlow Shed.

Making the connection

St Pancras International has the best connectivity of all the central London stations. It has 6 Underground lines and is close to 7 mainline operators at St Pancras International, King's Cross and Euston.

EUROSTAR™ CONNECTIONS

indirect services via Lille, Paris or Brussels from 13 May to 14 July 2007

from 13 May to 14 July 2007

This is St Pancras International. Eurostar's new central London station will be just 2h 15 from the heart of Paris; 1h 51 from the centre of Brussels; and 1h 20 from Lille.

Also in November, we'll be opening Ebbsfleet International, our second station in Kent. It's less than 3 miles from Junction 2 of the M25 and it's also a stone's throw from Bluewater shopping centre and the Dartford Crossing. For travellers from southern England it will soon be the fastest way to Europe.
